Tronical Tune - autotunes your The Tronical tuner solves the problem once and for all by tuning automatically while you're still engaged with the audience.. I just got these new strings and I tried tuning it with my new tuner but it has letters like 'F', 'C', 'F#'. Sep 11, 2009 - Intelli has a new version of the IMT-500 out called the IMT-600 Deleted and is replaced with modes for regular chromatic, guitar and violin.

I don't get it and the instructions I ordered a guitar tuner called Intelli IMT-500 from Amazon.

just to let you know I have new strings. I ordered a guitar tuner called Intelli IMT-500 from Amazon com but I can't figure out exactly how to use it.

korg ca-1 chromatic tuner manual

The Intelli IMT500 is a guitar tuner that has proven its worth over the years Though it doesn't come with all of the newest features found on other devices, this particular clip-on guitar tuner is reliable, accurate and equipped for guitar, bass and ukulele.. com but I can't figure out exactly how to use it I just got these new strings and I tried tuning it with my new tuner but it has letters like 'F', 'C', 'F#'.

seiko st767 chromatic tuner manual

I don't get it and the instructions don't say much I tried tightening the strings to the point that it says the letter of the strings but it gets to tight and I'm scared they're going to break, I can't figure this thing out can anyone help me?? I would appreciate it so much, I really want to play my guitar while its perfectly tuned. d70b09c2d4
